***ANNUAL AWARD MEETING  
OF THE C.E. ALKEN PRIZE WINNERS***

***STUTTGART***

**November 30<sup>th</sup> through December 2<sup>nd</sup>, 2006**

Host:  
Ulrich Humke

- 09.00                    **Welcome**  
*U. Humke*
- 09.15 – 09.45        HANS FLOHR LECTURE:  
Von König Midas zu Albert Schweitzer – Handlungsoptionen für  
das Gesundheitswesen von morgen  
*E. Nagel*
- 1st session*            ***Urothelial Cancer / Neuroblastoma***  
*Discussant: J. Leißner*
- 10.00                    Novel ex vivo and in vivo models for preclinical evaluation of  
new drug therapies in the treatment of superficial transitional cell  
carcinoma in the urinary bladder  
*M.S. Michel, Ch. Bolenz*
- 10.20                    Radical cystectomy and urinary diversion – results of an internal  
quality control  
*T. Kälble, C. Greb*
- 10.40                    90 cases of retroperitoneal neuroblastoma - Single institution  
experience.  
*R. Stein, A. Schröder, I.L. Wiemer, G. Trabold, J.W. Thüroff, P.  
Gutjahr*
- 11.00 – 11.30        Coffee Break**
- 2nd session*            ***Prostate Cancer***  
*Discussant: J. Fichtner*
- 11.30                    Molecular imaging with prostate cancer  
*M. Seitz*
- 11.50                    Aberrant expression of spindle checkpoint genes in high grade  
prostate cancer  
*E.W. Gerharz, D. Kühn, P. Ströbel, B. Kneitz, H. Riedmiller*
- 12.10                    Extraperitoneal da Vinci prostatectomy (dVP): results beyond the  
learning curve.  
*H. John, J.-L. Fehr*

- 12.30 Predictors of biochemical recurrence after radical prostatectomy and immediate postoperative radiotherapy in high risk patients (EORTC 22911).  
*T. van der Kwast, M. Bolla, L. Colette, K.H. Kurth and Members of the EORTC GU and Radiotherapy Group.*
- 12.50 – 14.00 Lunch**
- 3rd session Renal Cancer / Retroperitoneal Fibrosis**  
*Discussant: H. Danuser*
- 14.00 Role of the tumor suppressor PTEN in renal cancer.  
*W. Brenner, R. Fischer, S. Schuhmacher, F. Roos, J.W. Thiüroff*
- 14.20 The lymphatic system and its specific growth factor: vascular endothelial growth factor C in kidney tissue and in renal cell carcinoma.  
*L. Trojan*
- 14.40 Are small renal tumors insignificant? Correlation of clinical and pathological features with tumor size  
*J.W. Thiüroff, S. Pahernik, S. Ziegler, F. Roos, S.W. Melchior*
- 15.00 – 15.20 Coffee Break**
- 15.20 Phase III study of temsirolimus (TEMSR) or interferon alpha (IFNa) or TEMSR+IFNa in first line treatment of advanced renal cell carcinoma(RCC)  
*T. Otto*
- 15.40 The retroperitoneal fibrosis project: facts and prospects.  
*S. Roth*

- 09.00 – 09.10 C.E. ALKEN PRIZE: AWARD PRESENTATION  
*J.W. Thüroff*
- 09.10 – 09.30 C.E. ALKEN PRIZE: AWARD LECTURE:  
Intrafascial nerve sparing endoscopic extraperitoneal radical prostatectomy (nsEERPE) with preservation of the puboprostatic ligaments: technique and early results.  
*J.-U. Stolzenburg*
- 09.30 – 09.40 C.E. ALKEN PRIZE: AWARD PRESENTATION  
*J.W. Thüroff*
- 09.40 - 10.00 C.E. ALKEN PRIZE: AWARD LECTURE:  
Serum levels of free insulin-like growth factor-I (fIGF-I) and expression of IGF-I (IGF-IR) in renal cell carcinoma (RCC) patients and controls.  
*E. Serafetinides, A. Kyroudi-Voulgari, E. Kitsou, E. Christelli, A. Zervas, D. Mitropoulos*
- 4th session** *Surgical techniques*  
*Discussant: E.W.Gerharz*
- 10.00 120 Watt greenlight high performance system: quantum leap or marketing?  
*O. Reich*
- 10.20 Operative techniques in kidney transplantation – Experience and results of a small centre.  
*G. Fechner, C. v. Pezold, H.-U. Klehr, S.C. Müller*
- 10.40 Percutaneous implantation of subcutaneous prosthetic ureters – Single Centre experience of 12 patients  
*C. Eggersmann, S. Roth*
- 11.00 – 11.30 Coffee Break**

**5th session**

***Reconstructive Surgery / Stone Disease***

*Discussant: M.S. Michel*

11.30

Imaging of female pelvic floor function

*C.E. Constantinou*

11.50

Free skin grafts in reconstructive urology

*S. Krege, H. Rübber*

12.10

Left hydronephrosis – A particular case

*A. Pycha*

12.30

The renal papilla – Key to understand and prevent recurrent calciumoxalate stone prevention

*T. Knoll*

**13.00**

**Farewell - Lunch**
