
**ANNUAL AWARD MEETING
OF THE C. E. ALKEN PRIZE WINNERS**

DÜSSELDORF

December 2nd through December 4th, 1999

Host:
Stephan Roth

9:00

Welcome

S. Roth

1st Session**Prostate cancer**

9:10 - 9:30

Transrectal high intensiv ultrasound (HIFU) for the local treatment of prostate cancer.

*Invited lecture**Thüroff, S.*

9:35 - 9:45

New aspects on prognosis of pathogenesis and prognosis of prostate cancer.

Kuczyk, M.A., Machtens, S., Serth, J.

9:50 - 10:00

Angiogenic growth factors in prostatic carcinoma.

Jaeger, T., Siegmund, M., Hawighorst, H., Rabe, J., Grobholz, R., Jünemann, K.P., Alken, P.

10:05 - 10:15

Percent free prostate-specific antigen in men with local recurrence or distant metastases following radical prostatectomy.

*Reckwitz, T., Schulze, H.***10:20 - 10:35****Coffee break****2nd Session****Operative Urology**

10:35 - 10:55

Orthotopic bladder substitution in women.

*Invited lecture**Ghoneim, M.A., El-Nil, B.A., Hohenfellner, M., El-Soubky, E.*

11:00 - 11:10

Perioperative complications and postoperative follow up of renal cell carcinomas with intravenous neoplastic extension.

Stief, C.G., Kuczyk, M.A., Münch, T., Jonas, U.

11:15 - 11:25

Survival Predictors amongst 1000 living donor kidney transplants.

El-Mekresh, M., Ghoneim, M.

11:30 - 11:40

Modified seromuscular tube: Serosa lined bowel wall imbrication as a continent outlet for continent cutaneous urinary diversion.

Lampel, A., Thüroff, J.W., Roth, S.

11:45 - 12:05

Surgical Treatment of Urethral Strictures.

*Invited lecture**Mundy, A.R.*

12:30 - 14:00 Lunch

3rd Session *Prostate cancer (part 2)*

14:00 - 14:10 Retinoic Acid in the treatment of prostate cancer.
van Moorselaar, R.J.

14:15 - 14:25 Quality of life in patients with prostate cancer metastatic of the lymphnodes: annual assessment over six yeras.
Kurth, K.H.

4th Session *Bladder cancer*

14:30 - 14:40 NMP 22 - Useful tumor marker for bladder cancer?
Kälble, T., Motzkau, D., Hendricks, D.

14:45 - 14:55 Fluorescence in situ hybridization for the detection of urethelial carcinoma in urine.
Halling, K.O.

15:00 - 15:10 Inhibitors of cell cycle progression and signal transduction as novel therapeutic agents in bladder cancer.
Perabo, F.

15:15 - 15:35 *Coffee break*

15:35 - 15:45 Clinical relevance of chromosomal aberrations in bladder cancer.
Pycha, A.

15:50 - 16:00 Lymphadenectomy in patients with transitional cell carcinoma of the urinary bladder - significance for staging and prognosis.
Leißner, J.

16:05 - 16:25 Critical evaluation of results after radical cystectomy.
Invited lecture Ghoneim, M.A., El-Mekresh, M., El Baz, M.

Presentation of the C. E. ALKEN PRIZE

- 9:00 **Award presentation**
J.W. Thüroff
- 9:15 - 9:35 Role of the Renin-Angiotensin-System in postischemic acute renal failure.
Award lecture Humke, U.
- 9:40 - 10:00 Role of tumor-infiltrating lymphocytes (TIL) in neovascularization of renal cell carcinomas.
Award lecture Otto, T., Blaß-Kampmann, S., Lümmen, G., Rübber, H.

5th Session Miscellaneous

- 10:05 - 10:15 The effects of the Potassium channel openers Nicorandil and PK-217 on the pig ureter in vitro and in vivo and on the human ureter in vitro.
Danuser, H., Abel, D., Weiss, R., Scheltysik, G., Studer, U.E.
- 10:20 - 10:30 Molecular analysis of life cells.
Tanke, H.J.
- 10:35 - 10:45 Adjuvant and primary treatment of penile condylomata acuminata with bacillus Calmette-Guérin (BCG).
Böhle, A.

10:50-11:15 Coffee break**6th Session Neurourology / Incontinence**

- 11:15 - 11:35 Surgical Reconstruction of the Lower Urinary Tract in Patients with Neurogenic Bladder.
Invited lecture Mundy, A.R.

-
- 11:40 - 11:50 Pelvic floor structure and function.
Constantinou, C.
- 11:55 - 12:05 3 cm till continence
Jünemann, K.-P., Jaeger, T.M., Zandler, S., Alken P.
- 12:10 - 12:20 Neuromodulation - Effective and Minimally Invasive.
Braun, P., Scheepe, J.R., Bross, S. Alken, P., Jünemann K.-P.
- 12:25 - 12:35 Role of sex hormones on micturition.
Constantinou, C.

13:00 ***Farewell Lunch***
