

ANNUAL AWARD MEETING
OF THE C. E. ALKEN PRIZE WINNERS

BERLIN

November 29th through November 30th 2002

Host:

Andreas Böhle

Scientific Meeting

Friday, November 29th, 2002

09:00	Welcome <i>Böhle A.</i>
09:05 – 09:30 <i>Invited lecture</i>	Chances and problems of stem cell therapy <i>Franz, W.</i>
1st Session	Prostate Cancer
09:30 – 09:50	Adaptive immunotherapy of advanced prostate cancer <i>Schmid H.-P., Prikler, L., Dannull, J., Gillessen, S., Scandella, E., Groettrup, M.</i>
09:50 – 10:10	Genomic markers for prostate cancer progression <i>Tanke, H. J., Alers, J.C., Krijtenburg, P.J., van Dekken, H.</i>
10:10 – 10:30	IMRT for the treatment of localized prostate cancer <i>van Moorselaar, R.J., Dehnad, H., Nederveen, A.J., van der Heide, U.A., Hofman, P., Lagendijk, J.J.W.</i>
10:30 – 10:50	Coffee break
10:50 – 11:10	Characterisation of Prostate Cancer – The role of LYVE-1 and dynamic MRI for quantification of lymph and blood vessel density <i>Trojan, L., Michel, M., Grobholz, R., Schlemmer, H.-P. Alken, P.</i>

2nd Session

Bladder

- 11:10 – 11:30 BCG maintenance improves duration of progression free survival in patients with Tis, Ta and T1 bladder cancer
Kurth, K.H., Sylvester, R.J., v.d. Meijden, A.P.M., Lamm, D.L.
- 11:30 – 11:50 Molecular biomarkers in occupational bladder cancer
Reckwitz, T.
- 11:50 – 12:10 Cox-2 and bladder cancer: Biological meaning and clinical implications
Wülfing, C.

12:10 – 14:00

Lunch (Room Gontard)

3rd Session

Urodynamics and Neurourology

- 14:00 – 14:20 Sympathic modulation of bladder contractility in a rat model of bladder outlet obstruction
Hampel, C.
- 14:20 – 14:40 Pharmacological modulation of ureteric peristalsis in a chronically instrumented conscious pig model
Roshani, H. Dabhoiwala, N.F., Dijkhuis, T., Pfaffendorf, M., Boon, T.A., Kurth, K.H., Lamers, W.H.
- 14:40 – 15:00 The use of molecular markers for the prediction of hydronephrotic atrophy in ureteral obstruction
Conrad, S., Eggert, T., Stephan, M., Heuer, R., Huland, H.
- 15:00 – 15:20 A simple and reliable continent bladder stoma constructed from bladder wall
Stief, C.

15:20 – 15:40

Coffee break

4th Session

Miscellaneous I

15:40 – 16:00

News from the playground – Quality of life research
in children

Gerharz, E., Woodhouse, C.R.J., Eiser, C.

16:00 – 17:00

Tödliche Keime und unsterbliche Musik

Invited lecture

Rietschel, E.

Presentation of the C. E. ALKEN PRIZE

- 09:00 – 09:10 **Award presentation**
Thüroff, J. W.
- 09:10 – 09:30 Congenital Hydronephrosis:
Award lecture Evaluation with urodynamics and ultrafast MRI –
Experimental and clinical findings
Fichtner, J., Spielman, D., Shortliffe, L.
- 09:30 – 09:40 **Award presentation**
Thüroff, J. W.
- 09:40 - 10:00 Evidence for gap junctions in the stable non-
Award lecture obstructed human urinary bladder
John, H., Xiang, W., Lehmann, T., Hauri, D.,
Maake, C.

5th Session

Miscellaneous II

- 10:00 - 10:20 Hizarov's technique for bladder exstrophy
Stein, R., Jünger, T.H., Anders, M., Fisch, M.,
Kerschbaumer, F., Howaldt, H.-P., Hohenfellner, R.,
- 10:20 - 10:40 Clostridium difficile – a severe problem of
hospitalism in urology
Kälble, T., Greb, C.

10:40 - 11:00 Prospective comparison of two methods for the endoscopic approach to the distal ureter in nephroureterectomy
Ubrig, B., Waldner, M., Roth, S.

11:00 - 11:20 Coffee break

6th Session

Miscellaneous III

11:20 – 11:40 Phase I study: Cancer gene therapy of hormone refractory prostate cancer patients with a retrovirally transfected IL2-IFN γ -secreting allogeneic tumorvaccine
van Randenborgh, H., Kübler, H., Brill, T., Fend, F., Pohla, H., Schendel, D., Breul, J., Hartung, R., Paul, R., Gänsbacher, B.

11:40 – 12:00 Interventional radiologic management for early post-transplant perfusion failure of renal allografts
Humke, U., Takahashi, M., Uder, M.

12:00 – 12:20 Stone-free rate after ESWL of lower calyx stones and stone recurrence rate depending on the anatomy of the collection system
Danuser, H., Müller, R., Descoedres, B., Studer, U.E.

12:20 – 12:40 Straight is not enough – Corporoplasty in advanced peyronie's disease by plaque incision and grafting
Backhaus, B.O., Müller, S., Albers, P.

13:00 Farewell Lunch (Room Langhans)
